NOTE(S) for Production:

- Please ensure the length is precise and within the specified tolerance (+/-).
- Affix the cable marker securely, avoiding wrinkles and air bubbles. Clean the cables with isopropanol if necessary.
- Strictly follow the assembly instructions provided by the connector manufacturer.
- The cable should be free of scratches or discoloration, and the printing must be clear and smooth.
- The connectors must be free from damage or signs of contact oxidation.

Kabelmarker: POS 01
Text and Logo: fixed and not changeable

⚠ The finished product must be compliant with RoHS, REACH, CE, UKCA, and WEEE (only Germany) regulations.
